The Foundation was founded in September 2004 by Russell Naylor, President and Founder of the Elite Companies. The mission of the Foundation is "to work as a team to improve the quality of life for families in our community." Presently, the Elite Companies Charitable Foundation is focused on helping needy families and children throughout Chester County, PA.

Naylor's daughter, Liz, serves as Executive Director of the foundation. Ms. Naylor's past experiences as a teacher, reading mentor, and youth leader have provided her the opportunity to "see up close the economic, social, physical, and mental challenges that many families face in our society every day."

"It is the vision of the Elite Companies Charitable Foundation to build a stronger society by working with organizations that nurture families in crisis," says Ms. Naylor. "We are pleased to hold our first annual golf event to celebrate the close of our first year – and to reaffirm ourselves to turning hope into reality for local families needing assistance."
